This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

INTRODUCTION.

Feeling the need of a work of this description in the daily labors of his store, the Author was induced to commence the present compilation. At that time he had no idea of its publication, and it was only at the urgent request of many of his friends that he was finally induced to give his consent.

In the preparation of this work, he has endeavored to obtain not only all the Local or Common Names in use in the various sections of the United States, but also in Great Britain, and he trusts that but few, if any, have been overlooked.

In Part I, the Local Name generally adopted and used is put in *Italic*. In Part II, where there is more than one Botanical Name for the same Local Name, the correct one is italicised to distinguish it from the others.

The compilation has been prepared upon strictly Botanical Rules, and as far as the Author can ascertain from those who have critically examined the work, and who are fully competent to judge, it is accurate.

The result of his labors is now submitted to the Pharmacists of the United States, hoping that it may meet with their approbation, and be of service to them.

Respectfully,

ALLAN POLLOCK.

New-York, September, 1872.

To Physicians and Druggists.

REED, CARNRICK & ANDRUS,

Manufacturing Chemists and Pharmacists

No. 198 FULTON STREET.

Our List comprises a full line of Miscellaneous Articles, such as

Elixirs, Syrups, Wines, Glyceroles,

Pepsin and Pancreatine Preparations.

ALSO, A COMPLETE LIST OF

FLUID EXTRACTS & SUGAR-COATED PILLS.

All goods of our manufacture are kept strictly and invariably up to the highest standard.

Our *Fluid Extracts* are made by the best processes known. We do not (as many claim) use the same apparatus for the manufacture of all Fluid Extracts, but adapt the apparatus and mode of manufacture to the nature and character of the Drug.

In the manufacture of *Sugar-Coated Pills*, we use nothing in the coating but Pure Double-Refined Sugar; and deprecate, as highly injurious, all such insoluble substances as Terra Alba, White Wax, &c. We coat our Pills while the mass is quite soft, thus rendering them readily soluble in the stomach.

We manufacture and Sugar-Coat Pills to order in quantities of 3000 *and upwards.*

Price Lists and Discounts of our Preparations will be gladly furnished upon application.

THE BEST FAMILY MEDICINE OUT.

GILL'S
Bilious & Liver Pills,

RECOMMENDED BY THE FACULTY.

The most effective remedy for Bilious and Liver Complaints, Indigestion, Loss of Appetite, Sick Headache, Giddiness, Drowsiness, Spasms, and in fact; all Disorders of the Stomach and Bowels; and where an aperient is required, nothing can be better.

PREPARED BY E. GILL, GREAT BEND, PENN'A.

In Boxes, at 25 cents Each.

TO BE HAD OF ALL MEDICINE VENDERS.

TESTIMONIALS.

NEW MILFORD, November 2d, 1868.

MY DEAR SIR:—I have used your pills in my family for the past six months, and can cordially recommend them to others. Respectfully yours,

JNO. A. JEROME,
Rector of St. Mark's Church.

To Mr. E. GILL, GREAT BEND, PA.

WASHINGTON, D. C.

Mr. E. GILL,

DEAR SIR:—I have had occasion to test your "Bilious and Liver Pills," and can recommend them to the public as a safe, easy and efficient remedy for all Bilious affections, and a medicine which ought to be found in every house. Rev. W. H. SIGSTON.

Doct. E. GILL, NEW-YORK, August, 1872.

SIR:—It is now more than our years since I commenced selling your pills; since then I have sold several gross, and I have never yet seen a single case in which they did not give entire satisfaction. I have used them myself, and in my family, and I consider them equal if not superior to any other preparation for liver complaints. Very respectfully,

ALLAN POLLOCK.

We, the Undersigned, can, with Thousands of Others, fully Endorse the above Certificates.

GEO. F. HAWKES,

MANUFACTURER OF

FINE GOLD PENS,

Gold, Silver and Rubber Pencil Cases,

No. 66 Nassau Street, New-York.

Hawkes' Patent and Only Perfect Fountain Pen in the World.

THE "NE PLUS ULTRA" FOR WRITERS,

Pen, Pen-Holder and Inkstand Combined.

This Pen, which has been rapidly gaining favor with the writing community, is recommended to all who use ink, as a Perfect Invention. It has been approved by writers in every portion of the civilized world, and excels all others in the simplicity and perfection of its manufacture. It is less complicated, as it contains but one-half as many pieces as any other Fountain Pen in use. An Ordinary Pen can be used in the holder,—not requiring one particular kind of pen, as other Fountain Holders do. It is, without doubt, The only Perfect Fountain Pen ever offered to the public.

Any one who uses a Pen—ladies or gentlemen—cannot do better than buy one of these Pens, which can be purchased, with Fountain to write Ten Hours, Gold Pen included, for the same price as an ordinary Gold Pen and Holder,

AND WARRANTED TO GIVE A FLOW OF INK,

according to the pressure upon the paper, and capable of being regulated at pleasure—can be carried in the pocket without breakage—is not affected by temperature—made of hard Rubber, under Goodyear's Patent, and is absolutely incorrodible.

ALWAYS READY. It is as portable and convenient for memorandums and other uses as the ordinary pocket-pencil, and never liable to get out of order. The Gold Pens attached to the Fountains are of the best quality (16 carats fine), and will give satisfaction to the most fastidious penman.

☞ Those wishing a superior article will do well to examine these before purchasing the ordinary style of pen.

NONE USE BUT TO APPROVE.

Thousands of Testimonials have been given in its favor, by

THE FIRST MEN OF OUR COUNTRY,

HOLDER FITS ANY PEN.

Prices of Holders, $2.00; $2.50; $3.00; and $3.50

SENT BY MAIL.

PATENTED MARCH 12, 1867.

A. A. CONSTANTINE'S

PERSIAN HEALING

OR

PINE TAR SOAP.

FOR THE TOILET, BATH, AND NURSERY

THIS SOAP HAS NO EQUAL.

It preserves the Complexion fair, the Skin soft, flexible and healthy; it removes all Dandruff, preserves the Hair soft and silky, and prevents it from falling off.

IT CURES PIMPLES ON THE FACE,

CRACKED OR CHAPPED HANDS, SALT RHEUM, FROSTED FEET, BURNS, FRESH CUTS OR WOUNDS OF ALL KINDS, ALL DISEASES OF THE SCALP, SKIN, AND IS

A GOOD SHAVING SOAP.

BALDNESS CURED.—I can recommend your PERSIAN HEALING SOAP for BALDNESS. It is bringing my hair in beautifully. I consider it the best Hair Renovator in use.

M. H. COMBS, 218 Atlantic St., Brooklyn, N. Y.

The wife of the Rev. N. BROWN, twenty years a missionary in Southern Asia, writes: We have been using your Soap in our family for Toilet purpose, and find its healing and cleansing qualities so far exceed our expectations, or anything of the kind we have ever used before, that we cannot do without it. Indeed, we find it the household remedy for almost everything. If we get a bruise, cut or burn, the resort is immediately to the CONSTANTINE SOAP, and in some cases the cures have been wonderful.

BROOKLYN CITY ORPHAN ASYLUM, March 9, 1872.

A. A. CONSTANTINE—SIR: We have used your PERSIAN HEALING PINE TAR SOAP in this institution the past three years, with the most unqualified good results. We do not now have one-twentieth part the number of skin diseases which we formerly had, and infectious or cutaneous diseases are comparatively rare. I do not ascribe all these good results simply to the use of your SOAP alone; but I do place the soap in high esteem as a healthful adjuvant to other treatment, and I recommend it generally for its good hygienic qualities. Respectfully,

JOEL W. HYDE, M. D., Acting Physician.

A. A. CONSTANTINE'S

PERSIAN HEALING

OR

PINE TAR SOAP.

EACH CAKE IS STAMPED "A. A. CONSTANTINE'S PERSIAN HEALING, OR PINE TAR SOAP. PATENTED MARCH 12, 1867."
NO OTHER IS GENUINE.

To guard the people against fraud and deception, the portrait of A. A. Constantine, and his signature, in a *fac simile* of his handwriting, will appear on all our circulars and fancy boxes.

It cures Pimples on the Face, Cracked or Chapped Hands, Salt Rheum, Frosted Feet, Burns, Fresh Cuts or Wounds of all kinds, all Diseases of the Scalp and Skin, and is a GOOD SHAVING SOAP.

WHAT THOSE SAY WHO USE IT.

I have used your Persian Healing Soap in my practice extensively, and it has proved the best healing soap I ever used. It has no equal as a soap for washing the heads and skin of children. L. P. ALDRICH, M. D., 19 Harrison Street, N. Y.

I have used the Tar Soap of Mr. A. A. Constantine, and think it a valuable preparation. Good for the toilet as well as for the various medicinal purposes for which it is recommended.
JOSEPH S. CRANE, M. D., 46 W. 24th Street, N. Y.

MESSRS. A. A. CONSTANTINE:
My wife has used your Persian Healing Soap for Erysipelas with the happiest result. I would recommend it as a proper and efficient adjuvant in the cure of many species of chronic cutaneous diseases. S. W. MARPLE, M. D., Elmira, N. Y.

It accomplishes all it claims. B. HAMILTON, M. D., Saratoga, N. Y.

Of your Persian Healing Soap I can say: One of my young men cured pimples on his face, of many months' standing, in ten days, leaving his face entirely smooth.
OTIS FIELD, 125 Fulton Street, N. Y.

MR. A. A. CONSTANTINE:
It has cured several of my friends, who have suffered many years with PILES, one case of ulceration of the neck of the womb, and many obstinate cutaneous diseases.
P. F. PESCUD, M. D., Raleigh, N. C., March 3d, 1868.

I have used it for the so-called Soldiers' Itch, and the Scalp was so much diseased as to resemble an early stage of the "Scald Head." There were patches an inch or more in diameter, where the hair was already matted. The parts were washed with the Soap twice a day, and the Scalp was smooth and well in a few days.
T. S. P. LORD, M. D., 101 Washington St., Chicago, Ill.

I have used your Soap for Diseases of the Skin and Catarrh, and have found it superior to any remedial agent I have ever used.
C. S. GOODRICH, M. D., 34 Leroy St., N. Y.

J. H. T. KING, *Member of the Royal College of Surgeons, England*, writes: "It gives me pleasure in certifying to the good qualities of your Soap. I use it for the Toilet and Bathing, and prefer it to any other.

The wife of Rev. Dr. KING, *Missionary at Athens, Greece*, writes: "I have used your Soap for Rheumatism, and find it exceedingly good, and recommend it to all."

Your Persian Healing Soap will cure Salt Rheum. I had it very badly fifteen years, and your Soap has made a complete cure. G. M. PRALL, 119 West St., N. Y.
